EXCITEMENT PREVAILS IN CAUCUS OF SENATORS; VIOLENT SCENES.

INITIATIVE AND REFERENDUM ADOPTED AFTER TWO-HOUR FIGHT.

FUNK AND JONES IN CLASH

Former Jumps Over a Table and Attempts to Strike the Latter—Senator Beall Gets Blow on the Shoulder.

Springfield, Ill., April 21.—After a two hour fight in the Republican caucus, in which intervention of other senators was all that prevented Frank H. Funk of Bloomington and Walter Clyde Jones of Chicago from a general fist fight, an initiative and referendum programme was adopted.

Senator Jones provoked the crisis by insisting that an effort was being made to kill the referendum movement by inserting a joker. He announced his intention of resigning as floor leader and bolted the caucus. Samuel A. Ettelson and Willett H. Cornwell of Chicago, James A. Henson of Decatur and several others started to follow him. All were coaxed back except the four named. The point demanded by Jones was yielded.

After the senate session was opened Jones went to Funk's desk, there was a short conversation, the two shook hands and outward peace was restored.

The fight in the caucus began when, after an exchange of courtesies, Funk jumped over the caucus table after Jones. The other senators arose.

"Let him come," shouted Jones, jumping to his feet and hastily removing his nose glasses. Funk swung with his right. Edmund Beall, mayor of Alton, jumped between them and the blow glanced past his chin and landed full on the shoulder.

By this time Senators Ettelson and Henson had seized Jones. Before Funk could recover from his first blow he also was overpowered.

The meeting was a continuation of a fruitless meeting till near midnight, when Senator John C. McKenzie made a motion that the senators resolve themselves into a caucus and be bound by its decision. There was a protest over this but the caucus idea prevailed.

The "joker" which Senator Jones declared was being used to kill the referendum provided that a majority of those voting at the entire election should be necessary to carry any referendum proposition. Jones declared that a majority voting on a proposition alone should be sufficient.

"You're not for the referendum, anyway," was the accusation Jones hurled at Funk, as the debate waxed warm.

"You're a — liar," retorted Funk. Jones answered back, and Funk was over the table before the others could stop him.

Prompt Action Averts

Two Promising Fires

McCAULEY RESIDENCE CATCHES FROM LEAVES; WATER TANK EXPLODES IN BARBER SHOP.

The fire department were called out about 7:30 Thursday night and again at 8 o'clock this morning to fires, neither of which, through prompt action, did much damage. The first call was sent in from the residence of Nathaniel McCauley at 330 Forest avenue east. Mr. McCauley had been burning leaves during the afternoon and when he went in to supper supposed that the fire was entirely out.

The flames revived, however, and burned the door sills and other wood work before it was extinguished.

The second call was to the Occidental barber shop about 8 o'clock this morning. The heater which is used for the purpose of heating water for the bath tubs blew up, bursting the tank and scattering live coals about promiscuously. Quick work of the department, however, soon put out the flames.

CARD OF THANKS.

Mrs. John Woodard and family wish to express their gratitude to the many friends and neighbors for their kindnesses and beautiful floral offerings during their recent bereavement.

President Taft Makes Important Diplomatic Transfers.

Henry S. Boutell Will Become Minister to Switzerland—Swenson Goes to Norway.

Washington, April 21.—Several important diplomatic transfers will be made by President Taft within a few days. Henry S. Boutell of Illinois, a former member of congress, will be appointed minister to Switzerland. Mr. Boutell was appointed minister to Portugal about six weeks ago, but has not yet assumed his duties. He had started for his post, but was recalled to go to Switzerland.

Lauritz S. Swenson of Minneapolis, who is now minister to Switzerland, will be transferred to Norway, succeeding Herbert D. Pierce, who has resigned.

Edwin Y. Morgan of New York, now minister to Paraguay and Uruguay, will go to Lisbon as minister to Portugal. The nominations making these transfers will probably be sent to the senate by the president within a day or two.

RECIPROCITY DEBATE

CLOSES THIS AFTERNOON,

VOTE NEAR AT HAND

Washington, April 21.—An agreement was reached in the house that debate on the Canadian agreement shall be concluded at 3 o'clock today. At that hour amendments will be taken up for consideration.

This insures the passage of the measure before adjournment tonight. Twenty-five members spoke on the Canadian bill Thursday. Most of those who opposed the measure were Republicans.

D. A. R. ELECTION ON

Climax Reached at the Continental Congress.

Advocates of Both Mrs. Scott and Mrs. Story Declare Their Candidate Will Be Victorious.

Washington, April 21.—The climax of the twentieth continental congress of the Daughters of the American Revolution was reached when voting began for president-general. The other national officers also are to be elected. Excitement among the delegates is at high pitch.

Advocates of both Mrs. Matthew T. Scott of Illinois and of Mrs. William C. Story of New York are claiming victory. Two years ago, Mrs. Scott, after a bitter fight, won over Mrs. Story by a small margin. The present campaign has never lagged during the last two years and has been marked by much acrimony.

Both sides are claiming that their candidate has gained in popularity since that time. At the election of state officers held by some of the delegates since their arrival here, in some instances administration candidates have won, while in others those favored by Mrs. Story have been elected. These have been about evenly divided, which makes it evident that the contest for president-general will be very close.

TERROR, BLACK

HAND FEARED

Chicago, April 21.—A reign of terror prevailed in the west side Italian district following the explosion which wrecked a row of buildings in Grand avenue, injuring twenty-nine persons and causing a property loss of thousands of dollars.

Despite the theory of the police that the explosion was caused by gas, the Italian residents in the district declare it was a bomb and that it was the work of the Black Hand.

RESOLVE TO HELP TRUSTEES OF CHURCH PREPARE FOR DECORATION DAY.

The Stony Creek Ladies' Aid met Thursday at the parsonage with a fairly good attendance. The ladies decided that they would assist the trustees of the church in all ways possible to get up and carry out an enthusiastic "bee" sometime before Decoration Day, which should have for its purpose the thorough cleaning up of the cemetery and church grounds.

An effort will be made to inform all who own lots in the cemetery of this intention, that there may be no unsightly places to mar the general good effect achieved.

At noon the society served an appetizing dinner under the charge of Committee No. 3, the members of which are Mesdames Rumble Wortley, Seeley Davis, Clarence Davis, Clara Davis and Frank Siegle.

An enjoyable program was rendered. Mrs. Reid Darling and Miss Mary Kelly gave readings, and Mrs. Clinton Hewens and Master Arthur Davis recitations.

TELLS OF BIG CHECK

Helm Witness Relates Story of Conversation on Train.

Says C. F. Weihe Boasted of Having Given \$10,000 Toward Electing Lorimer.

Springfield, Ill., April 21.—That a check for \$10,000 toward a "jack pot" for the election of Senator Lorimer was contributed by C. F. Weihe of Virginia, Minn., a prominent lumberman, was the direct statement made before the Helm investigating committee by William Burgess, an electrical contractor of Duluth, who said he had the story at first hand from Weihe, who is a brother-in-law of Edward Hines.

Burgess, on taking the witness stand, told of a railroad journey on the Winnipeg Flyer between Duluth and Virginia in March, 1911. He said a man named Johnson of a trade publication, one Randolph, John and Carl Weyerhaeuser, Weihe and another man were in the party, the smoking compartment, aboard a sleeping car.

Burgess said the subject of William Lorimer's election came up in the course of conversation. Burgess, during this chat on the subject of Lorimer, said he expressed the opinion that the senator had used money to effect his election.

"You don't know what you are talking about," Weihe said to me," testified Burgess.

Burgess then said Weihe declared Lorimer never spent a cent, but that a jackpot was raised by Lorimer's friends to effect the election.

"I know what I am talking about," Weihe was quoted by Burgess as saying, "because I put up \$10,000 for that jackpot."

Burgess concluded his testimony by stating that while Hines and members of the Weyerhaeuser family were aboard the sleeper, none of them was in the smoking compartment when Weihe, who is secretary of the Edward Hines Lumber company, made this statement regarding Lorimer's election.

U. AND I HELPING HAND

WOMEN HAVE BIG TIME

"He who laughs last laughs best" the ladies of the U and I Helping Hand society think is a pretty good old saw, and especially does Mrs. J. A. Underwood incline toward this opinion. Wednesday was Mrs. Underwood's birthday and she invited the U and I Helping Hand society to the hall on Congress street to play there for the first time. The rain obliged her to defer her plans till Thursday. The first intimation the ladies had of the inwardness of the situation was when they observed that the score cards were birthday postcards. Progressive Pedro was played and the six winners of prizes were Mesdames Wint, Tuttle, Ziegler, Patterson, Willis Underwood and Briggs. Mrs. Underwood then took the ladies down to the candy store on the south side of Congress street and there treated them to ice cream and cake, the latter of which she had made herself. While Mrs. Underwood was occupied in seeing that her guests were waited upon, the ladies concocted plans for the evening which were not confided to her. Consequently that evening the U and I ladies and their husbands surprised Mrs. Underwood at her home on Chicago avenue, decidedly overflowing the house. They settled down soon to playing and the ladies' prizes went to Mrs. Misener and O. K. Underwood, while the gentlemen who took the prizes were Ralph Towler and Frank Lamb. Ice cream, cake and candy were brought forth and before the evening ended Mrs. William Tuttle in a jolly little speech presented Mrs. Underwood with a wine set. Mrs. Underwood received a postcard shower also.

IOWA SENATOR

TO TAKE SEAT

ASSISTANT ATTORNEY GENERAL OF U. S. ELECTED TO SUCCEED SENATOR YOUNG.

TO BE SWORN IN MONDAY—STILL COUNSEL FOR THE BEEF TRUSTS.

NO CHARGE FOR HIS SERVICES

W. S. Kenyon Will Present Unusual Spectacle of United States Senator Serving Government as Counsel.

Washington, April 21.—W. S. Kenyon, assistant attorney general of the United States, who has been elected senator from Iowa to succeed Lafayette Young, a recess appointee, following the death of Senator Jonathan P. Dolliver, will be sworn in Monday.

It has been understood since Mr. Kenyon's election that the date of his installation depended on arrangements that might be made in the department of justice with reference to the conduct of the beef trust cases in Chicago which are about to go on trial. Mr. Kenyon has been associated in these cases since their inception. This difficulty has been overcome by an offer of Mr. Kenyon to appear for the government in these cases free of charge.

The offer has been accepted by Attorney General Wickham with satisfaction, as the government's case might have been injured by Mr. Kenyon's withdrawal. The case will, therefore, offer the unusual spectacle of a United States senator representing the government as counsel.

BUSY LEGISLATIVE

SESSION CLOSES

SIX HOURS LATE

Lansing, Mich., April 21.—In the wildest confusion in the house, the legislative session of 1911 adjourned at 6:19 p. m., although the official hour was noon, the clocks in both chambers being stopped in order to squeeze through as many bills as possible. When the gavel finally fell the record showed that the senate had passed 112 bills and the house 200.

Interest largely centered in the house, where slow progress was made owing to the continuous horseplay, which was taken advantage of by some of the members, to get bills in which they were interested up for immediate passage.

General Leonard Wood Advocates Compulsory Military Training.

Washington, April 21.—Compulsory military training was advocated by General Leonard Wood, chief of staff of the United States army, in a speech at a banquet of the Sons of the Revolution. General Wood considered the American army in some respects inefficient.

He proposed that the public schools teach military science. Another suggestion was the shortening of the terms of enlistment in the army and militia, thus permitting the training of a larger proportion of men.

TROUBLE IN SOUTH

NEARING THE CLIMAX

WAR IN MEXICO

CAUSES DEBATE

Situation Discussed in Congress for First Time.

STONE OF MISSOURI IS HARSH

Refers to Recent Happenings on Border and Urges that President be Empowered to Employ Force to Prevent Repetition.

Washington, April 21.—The Mexican situation was discussed in congress for the first time, when Senator Stone of Missouri, Democrat, urged that the president be empowered to employ force to prevent a repetition of the "bloody outrage" committed at Douglas, Ariz.

Senator Stone was very harsh on Mexico in referring to occurrences along the border. The fact that he is a member of the senate committee on foreign relations added to the gravity of his statement.

Senators Bacon of Georgia, Root of New York, and Lodge of Massachusetts, all members of the foreign relations committee, vigorously opposed Senator Stone's suggestion that the president be empowered by congress to use the military forces of the United States according to his discretion. They declared that the adoption of such a resolution would amount to a declaration of war against Mexico.

Senator Stone praised the president for having acted wisely in the face of great provocation.

"Congress," said he, "should at once and without delay authorize the president to employ whatever force may be necessary to prevent a repetition of the bloody outrage committed at Douglas and a repetition of which is threatened at El Paso, Tex."

He added that congress should record its opinion in positive terms that it is the president's duty to use whatever force the circumstances may require to protect Americans on their own territory.

Senator Root said Mexico would make redress when claim is made in the ordinary way and through peaceful negotiations. The passage of such a resolution as described, he said, would be equivalent to a declaration of war. It would be a demand and force is necessary when a demand is not complied with. Senator Root said the American people sympathize with the people of Mexico in their distress. He said it is our duty to be considerate with a friendly power.

Senator Lodge deprecated the discussion of our relations with a foreign power in either branch of congress. He said it is in the interest of peace that congress refrain from discussing Mexico.

Senator Cullom, the chairman of the foreign relations committee, said that in his judgment the discussion of all such matters should take place in executive session. He regretted that he did not move that this course be pursued and said that it ought to be the rule in the future.

The Stone resolution was referred to the committee on foreign relations.

COCA COLA UNDER FEDERAL FIRE.

The manufacturers of the widely advertised soft drink known as coca cola have been in the courts before. From the reports which we have received of coca cola and from our own single experience with it, we are not surprised that they are in the courts again. Just now the case of the United States versus a number of barrels and kegs of coca cola is being tried in the courts of Tennessee. The testimony of some of the chemical experts and physicians is interesting.

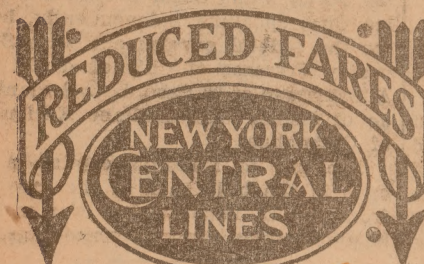

"Dr. John A. Witherspoon, Professor of Medicine in Vanderbilt University, Nashville, testified that, from his observation, he had known of from thirty to forty cases where people had become addicted to the coca cola habit and that at least three of them had been taken to hospitals. He said they suffered with nervousness, sleeplessness and indigestion. He declared that the whiskey habit was easier to break than that of drinking coca cola."

"Dr. James C. Searcy, General Superintendent of Insane Asylums in Alabama, stated that insanity was rapidly on the increase in Alabama because, he thought, principally by reason of nervousness and depression as a result of false stimulation. He stated that coca cola was largely used in Alabama."

"Dr. Louis LeRoy, Vice-president of the State Board of Health of Memphis, testified that in his opinion the use of coca cola as sold in soda fountains was injurious and deleterious to health. Dr. William S. Boos of Boston said that he had experimented with coca cola on animals and frogs, thereby learning, he declared, that caffeine as used in coca cola affected the spinal cords, brain and heart, and that its use by human beings had a deleterious effect; that the caffeine in coca cola contracts the heart and that in his opinion caffeine added to coca cola would have a more deleterious effect on the human system than the natural caffeine in coffee."

Coca cola has been severely criticized before, and we had expected under the pure food and drug act that the federal authorities would be called upon to show the people what is in it before this.

We never tried it but once. It then operated like sea-sickness, except that it was very much prompter in its operation. We concluded from that trial that there must be something in it which the system took an immediate and decided dislike to and consequently was unwelcome. It affected us very much as did the first and only attempt

we ever made to smoke a cigar, many, many years ago. Our reasoning led us in each case to conclude that anything taken into the system which produced such a violent and immediate effort to exclude should be excluded, and they accordingly are.

The day is rapidly approaching when a man will be measured by the esteem of his fellowmen by the business he is willing to engage in, by the kind of a trade he is willing to make with his neighbor, by the kind of a conscience he has in inducing others to part with value in exchange for the valueless and the harmful, or even the harmless. And the question is bound to recur with increasing frequency and directness when an individual's wealth comes under observation—Where and how did you get it? What did you give in return for it? And the truthful answers to these questions will determine largely the standing of that individual in the community; and one of the things worth thinking about in time is that that standing will affect, not only him who immediately acquires the wealth, but that as well of the children who inherit it.

DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's Vegetable Compound

Pound, Wis.—"I am glad to announce that I have been cured of dyspepsia and female troubles by your medicine. I had been troubled with both for fourteen years and consulted different doctors, but failed to get any relief. After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I can say I am a well woman. I can't find words to express my thanks for the good your medicine has done me. You may publish this if you wish."—Mrs. HERMAN SIETH, Pound, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

Sanitary Plumbing is the First Requisite to a Healthy Home

It does not matter who your plumber may be, if the work he does for you is not sanitary, it is worthless—it isn't worthy. If you let Waterman do your work, you need not worry that it will not be done properly. Only Sanitary and Satisfactory Plumbing is done by my men. Every one is thoroughly experienced in every phase of plumbing, and gives you the very best service possible.

My Prices Are Always the Lowest

Many people consider plumbers' charges excessive—such is the case with many plumbers—but not with me. I do the very highest class of work, and charge less for it than most plumbers ask for inferior work. Let me prove it to you—phone me when you need attention, and a man will be on the job immediately. And I will guarantee all work done by my men.

Emancipation

The Regal Shoe Company refuses to

be bound any longer to the hoary old tradition of the Shoe Trade that standard shoes must necessarily be built to fit certain arbitrary prices—\$3.50, \$4.00, \$4.50, \$5.00, and so on.

It refuses to believe any longer that a shoe that can be sold at, say, \$3.85, must be "built up" to sell at \$4.00, or else "skinned down" to sell at \$3.50.

It has announced that every Regal Shoe made hereafter will be priced at

Cost, Delivered to the Customer, Plus 5 Per Cent. Commission

This may figure out in "even money" or it may not, just as it happens. But, however it figures, the amount will invariably be verified by certified public accountants and stamped on the shoe at the factory, and that will be the price you pay.

In justice to yourself you should not be asked to pay more. In justice to the shoe it should not be "skinned down" to cost less.

Regal Prices Are Now \$3³⁵ to \$5⁸⁵

"Flour Is Cheapest And Best Food." Uncle Sam

After making a most careful study of the food situation Uncle Sam reports in his Department of Agriculture Bulletin, No. 142, that one pound of wheat flour costing 2½ to 3 cents produces more energy and muscle than two pounds of meat costing 15 cents to 20 cents per pound.

Stott Flour

Eat more bread, cake, biscuits, etc., made of Stott's, the cleanest and most reliable of flours, and high prices will cause you little worry.

THINGS A MOTHER OUGHT TO KNOW

Mothers whose children are weak and run-down, who do not gain flesh and strength, who lack the rosy cheeks and bright eyes of healthy childhood, should remember that the safest tonic and body builder is Father John's Medicine because it is a pure and wholesome medicine free from alcohol or dangerous drugs. Thousands of mothers give it to their children whenever they become weakened or run-down.

MONEY BACK
Hyomei Cures Catarrh Without Stomach Dosing, or Money Back.

Yes, dear reader, catarrh can be cured; but not by pouring vile, nauseating drugs into the stomach.

And catarrh germs thrive, flourish and multiply in the nose and throat. Can you kill these tough and persistent little health destroyers by swallowing pills, or nostrum? Any physician will tell you it cannot be done.

HYOMEI (pronounced High-o-me) is a germ killing vaporized air which, when breathed either through the mouth or nose, will kill catarrh germs and soothe and heal the inflamed and mutilated membrane promptly. It gives relief in two minutes.

HYOMEI is such a powerful germ destroyer that it penetrates every fold and crevice of the mucous membrane of the nose and throat.

A complete outfit, which includes inhaler, a bottle of HYOMEI and simple instructions for use, costs \$1.00.

Should you need a second bottle of HYOMEI the price is only 50c. Duane Spalsbury and leading druggists everywhere sell HYOMEI.

Don't Be Bald

NEARLY ANYONE MAY SECURE A SPLENDID GROWTH OF HAIR.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for it in every instance where it does not give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store—The Rexall Store. The Weinmann-Matthews Co., 118 Congress Street.
